A whole building was devoted to the industry. The Sioux City Corn Palace of encased with corn, grains, and grasses and stretching for two city blocks—with a trolley line running down its center. CornPalacesandButterQueens: Like most sculptors, he modeled in clay and put his finished pieces into stone and bronze. Some smaller works, such as portrait busts, were carved out of a solid block instead of being modeled; but for the larger pieces an armature was necessary.
