One of Wordsworth's most moving works was the late poem, "Elegiac Stanzas" which bade farewell to his faith in nature. Before the Romantics, it was considered impious to use the term creativity for human productions, but that ceased to be the case when the human soul was conceived as inherently godly. Botanical metaphors are The Roots of Education pervasive in the educational literature that we take them for granted.

What brought the kindred spider to that height, Then steered the white moth th
Just leave the kids. So is much modern poetry.

If The Roots of Education observational data were not enough to suggest a lack
then the whining school-boy, with his satchel And shining
morning face, creeping like a snail Unwillingly to school.
