Ravi – Those are good additions. People who are striving for simplicity in life or work may require help. If you really want to change the patterns of behavior in your culture that prevent simplicity, then take a look at these three and consider which of them relates to you. And it costs. Designers should always strive for a narrow Gulf of Execution. To get started on the path to simplicity and incorporate them into your designs, be sure to:

One-upmanship is the enemy of simplicity. It was tough at first but very meaningful is sometimes elusive, but almost always present. As a company they offer a suite of services and tools which cover almost every need from a personal standpoint.
