Each week, our editors select the one author and one book they believe to be most worthy of your attention and highlight them in our Pro Connect email alert. Recyclable rubbish is normally a tradable commodity, and its value depends on the level of contamination.

For some consumers, the colour of the bin into which they chuck their leftovers. No one liked it. For him to accuse a competitor of falsely advertising a 95 percent recycling rate puts him in jeopardy of a defamation charge, and indeed this is what the competitor in question quickly threatens. Stained pizza cartons, some with a few bitten crusts left behind, are routinely found in the bins and cannot be recycled.

Mindy O'Brien of the environmental group Voice Ireland says: The district must begin by getting more garbage out of its recycling stream.
