But how many of us have had training in problem-solving? The goal of a good problem-solving process is to make us and our organization more providing us with information that we can use to fix what needs fixing and do a better job. The more difficult and important the problem, the more helpful and necessary it is to.

### **How To Fix The Three Most Common Leadership Problems In Peer-to-Peer: Success Factor #7**

How To Fix The Three Most Common Leadership Problems In Peer-to-Peer: Success We see this often in complex organizations with many moving parts: the Good leaders clarify the goals of an organization, repeat them.

But how many of us have had training in problem-solving? The goal of a good problem-solving process is to make us and our organization more providing us with information that we can use to fix what needs fixing and do a better job. The more difficult and important the problem, the more helpful and necessary it is to.

No organization design or method of management is perfect. but rather that it's a complex, difficult, and sometimes frustrating form of organization to live with.

No organization design or method of management is perfect. but rather that it's a complex, difficult, and sometimes

frustrating form of organization to live with.
