Mar 30, Jood Hooligan rated it liked it. They can exist theoretically but nobody knows how they could be held open so that someone could travel through it.

The asteroid disappears only to reappear four hours later in a Plutonian orbit. And yet he does. Sep 03, Derek rated it it was ok. Some have labeled this book youth fiction, probably due to a major character being 10 years old.

Other minor issues exist throughout that drew me out of the story—some of them. Studying the alien marker, it begins to react and, four hours later, the missing asteroid appears in a Plutonian orbit, along with young Alex Manez, who has developed some alarming side-effects from his exposure to the kinetic element they call Kinemet.
