Why Was Alexander the Great's Army So Formidable

The army of Alexander the Great could be called Macedonian because it fought for the Macedonian king. Its troops were like many other armies in Antiquity only.

Alexander the Great - His Army

When Philip II ascended the throne in BC, Macedonia was in danger of being engulfed by wild barbarian tribes to the north and wily Greek.

In appearance, they would have been almost identical to the hypaspists. As it became clear Alexander would win the battle, Darius fled with what remained of his troops, leaving his wife and family .

They were very effective at scouting and in screening the rest of the army from. Finally rid of Darius, Alexander proclaimed himself King of Persia. Plutarch noted that the phalangites phalanx soldiers carried a small shield on their shoulder.

The Macedonian phalangite shield, also termed the 'Telamon shield', was circular. Alexander inherited the use of Cretan archers from his father's reign, yet around this time a clear reference to the use of native Macedonian archers was .
